WELCOME NOTE FROM VIBRANT PRESIDENT

Dear Friends,

"Don't walk behind me; I may not lead. Don't walk in front of me; I may not follow. Just walk beside me and be my friend". So aptly wrote Albert Camus (French Philosopher, Author, and Journalist).

Rotarians have always strived to create that synergy and have that exemplary power to do so. **Working together** is what has resulted in ROTARY achieving the success in whatever we keep doing.

As we step in the new Rotary year with aspirations and expectation on how this year is going to turn out to be, we bring this inaugural special edition of the 'Elite Gazette' lovingly curated for you. This edition (वर्पण) is an attempt to bring you a referential guide for the VIBRANT year and the way ahead. Hope you like it.

All the Vibrant teams have been given a distinct Sanskrit/Hindi name so they can easily connect to the unique passion each of them identifies to. We have also made an attempt to make each Rotarian and Ann along with each Rotaractor and Interactor a stakeholder and a valuable part of the Rotary main stream. Join a team of your choice.

24-25 is not just a regular year for this club. It's a year of celebrations of the 10th year of our charter. Our theme being 'CELEBRATE LIFE' in all that we plan and aspire to do and the tag line thus goes as "दस कदम, चले रोटरी के संग - आया वाइब्रेंट, लेके दस के रंग"

While the entire **Vibrant TEAM** looks forward to your participation in the **painstaking crafted projects** and event through the year, सुनीता joins me in inviting you all to be an active part of this रोटरी उत्सव (2015-2025). Come let's celebrate life together.

I end my note with hope to keep breathing green and live a happy and healthy life and thus quote "बाबू मोशाय जिंदगी बड़ी होनी चाहिए लंबी नहीं" a dialogue by the main protagonist of the film 'आनंद' which left a lasting impression on the true meaning of life to many like me.

हर कदम साथ-साथ, आज भी, कल भी, कभी भी...

रोटेरियन विनय खेतावत

Rtn. Hemant Agrawal

FROM THE DESK OF VIBRANT SECRETARY

Dear Friends,

We have entered the tenth year of our esteemed Club and it is an occasion to celebrate. Accordingly, we as a team have chosen to dedicate this year to 'Celebrate Life'. While we continue to live to the ethos of Rotary at the same time, we would like to work towards bringing happiness not in our lives but also in our community.

As you all know that this year has been defined as 'Vibrant Year', I'm sure vibrancy has been experienced by all District Rotary members in our Club, over the last decade and hence the thought to infuse and build the same amongst all other club members.

Personally, I look forward to building relationship with our members and contribute to the social cause as well.

Warm wishes, Rtn. Hemant Agrawal (Club Secretary 2024-25)

Rtn. Sunil Adukia

Dear Rotarians,

"We make a living by what we get, but we make a life, by what we give." - Winston Churchill

I feel humbled as I take over the reins of our Club as its Treasurer from July 2024. This is indeed a great moment for me as I have been closely associated with the Club for about one decade, and I consider all of you as my "extended family members".

As you know, we have several social projects on the anvil. We "need to sow the seeds today if we want fruits tomorrow." I have no doubt at all that effective implementation of these projects would go a long way in achieving our objectives. I am sure that I can count on the help and support of each one of you towards this endeavour by offering your time, energy, enthusiasm and financial support.

I look forward to working with the members of the executive committee of our Club in discharging my responsibilities.

With best wishes to one and all!

Regards, Rtn. Sunil Adukia (Club Treasurer 2024-25)

Rtn. Rajesh Bahl

FROM THE DESK OF VIBRANT STRATEGIST & SAA

Dear friends,

Every upcoming Rotary President has a vision and showcases a theme for one's year. RI President proclaimed as 'Magic of Rotary', Rotary district 3141 District Governor Rtn. Chetan Desai defines it as

'Vibrant year'. Our Club's President Rtn. Vinay Khetawat announced it as 'Celebrate life'. Ultimately all these themes share a common goal - What gives you eternal happiness! The main goal is to put a smile on everyone's face.

The Vibrant year is going to be full of 'Vibrancy'. We have envisioned that each member joins the avenue of his/her interest and passion. Keep motivating yourselves & your friends for all the good work. Motivation gets you going but discipline keeps you growing. Discipline is the bridge between the goals & accomplishments.

Maintain Discipline, Enjoy Rotary and Take Pride wearing the Rotary Pin!

Yours in Rotary,

Rtn. Rajesh Bahl

I am thankful to the Vibrant Team for posing trust in me and assigning a new role as the mentor for the Elite Gazette magazine.

Now, as I take a peek in the past, I remember shying away from becoming a part of the editorial team, as I had never engaged into writing, editing or designing for any such magazine; and TODAY, EG has become an integral part of my life.

With a change at the helm of Editorial Team, I am confident that our EG will be more innovative and engaging while maintaining its long legacy and quality.

The primary task would be to ensure the inclusion and empowerment of Senior Rotarians and parents through customized fellowship activities/initiatives throughout the year and organise service projects for the needy senior citizens. We will collaborate with District teams and other clubs so that together, we can serve and receive more blessings from our beloved senior citizens.

Project National Integration: समावेश- the Kashmir Sojourn - 11th-17th August 2024

PNI is a collaborative initiative between our district 3141 and the Indian army, with the aim to integrate Kashmiris into the mainstream. This trip, 'समावेश,' (organized on the invitation of the Indian army) will provide us with the chance to explore PNI opportunities while joining our soldiers in unfurling the flag on 15th August. A proud moment indeed!

Joy of Giving - 2nd October 2024

"It's not how much you give, but how much love we put into giving". The act of giving gives you more joy and fulfilment than receiving something from others. The secret to living is giving. It is about community, celebration and caring. The club will spread happiness during the 'Joy of Giving week' through small acts of kindness.

Mid-day meal: A Nutritious Promise

The Mid-Day Meal program, is our flagship event. This initiative holds immense significance in the lives of students, coming from marginalised communities, beyond merely filling their stomachs. It is about nourishing their minds, nurturing their potential, and ensuring they have the fuel, to help them excel.

Over the years, we have witnessed firsthand the transformative power of this program. Attendance rates have soared, dropout rates have plummeted, and academic performance has shown remarkable improvement. Beyond statistics, we have seen smiles brighten, confidence bloom, and futures begin to take shape.

As we reflect on the impact of the Mid-Day Meal program, let us reaffirm our commitment to its mission. Together, let us continue to nourish minds, uplift spirits, and build a brighter future for our children. In the vibrant year, our aim is to provide complete holistic growth of the child.

There are plans to take this project further, to benefit more and more students (the needy). A commitment has been made for approx. 700 to 1000 mid-day meals of children covering six schools.

प्रेम (PREM): Promoting Responsible Environment Management

Eco- Excellence Initiative

The Rotary Club Mumbai Western Elite has created "प्रेम" an avenue dedicated to promoting responsible environmental management through three main focussed initiatives. They aim to create a positive tangible impact on environment and sustainability by integrating eco-friendly practices into daily life, enhancing green spaces, and supporting local farmers.

Embracing Recycling, Upcycling, and Sustainability

The group focuses on integrating recycling, upcycling, and sustainable practices into daily routines. By educating society and conducting workshops, the Rotary Club seeks to instill eco-friendly habits in individuals and communities. The goal is to reduce waste and promote the reuse of materials, fostering a culture where sustainability becomes a second nature.

■ Tree Plantation and Environmental Beautification

The group is committed to tree plantation and environmental beautification projects. Partnering with local organizations and volunteers, the Rotary Club will lead efforts to plant trees in urban and rural areas. These projects aim to enhance green spaces, improve air quality, and create healthier living environments. By beautifying communities and promoting green initiatives, the group hopes to inspire others to take part in environmental conservation.

Supporting Farmers and Sourcing Fresh Produce

The initiative supports local farmers by sourcing fresh produce directly from them at market prices. This approach ensures that farmers receive a fair market for their products, promoting their well-being and economic stability. At the same time, Rotary members benefit from access to fresh, high-quality produce.

Through these three focused avenues, the Rotary Club's new group is set to make a significant impact on responsible environmental management. By encouraging recycling, beautifying the environment, and supporting local farmers, this initiative aims to create a sustainable, healthy, and supportive community for all.

आदर्श गाँव (ADARSH GAON)

आदर्श गाँव (Village adopted by Rotary Club of Mumbai Western Elite) is expected to be a reality soon. Situated in Parli Kendra of Palghar district, the people here are of Warli tribe having a population of about 200 people (45 families).

While the village has only the basic infrastructure, no healthcare facilities are available and are dependent on rainwater for agriculture. Only one crop can be harvested per year and remaining eight months they have to move with families to urban area for livelihood thus disturbing the education of children also.

Our aim is to provide water for agriculture through solar pumps so they can harvest three crops a year and thus be financially independent, to stop migration and help children pursue their education. It's our vision to provide health care facility, education, fruit tree plantations to supplement their income. Furthermore, we will be providing sewing machines to tribal women making them self- reliant and also construct a community hall for bonding activities. If all goes well, see you all at a fellowship event at our own आदिश गाँव soon.

सम्पदा: Asset Management System (AMS)

The commencement of this new avenue is to express gratitude to all the donors for their support to the noble cause by donating equipment helping mankind. The team AMS will ensure 100% efficiency of all the machines with necessary repairs or signing maintenance contracts. Regular visit and connecting with local people will also provide us with additional requirements if any. We salute all generous individuals whose contributions enrich society.

संग्रहण: Data Management

A strong initiative to implement IT solutions for smart data and asset management.

This forward-thinking approach will significantly enhance the efficiency and effectiveness of both the Vibrant Team and MWE Rotary in all aspects of their operations.

By leveraging advanced IT systems, we can ensure better organization, improved resource allocation, and ultimately, more impactful outcomes for our projects and initiatives. Few initiatives are, to revive our website and Mobile app, which was developed earlier. Additionally, this is an initiative towards Data management of Members, Events and tracking of work done by our club. Furthermore, this will enable members to get ready information of club activities done.

Introducing Rotary मित्र (Mitra): Bridging Connections for Greater Impact

We are excited to launch Rotary 伊オ, a new initiative to connect Charter members, former members, and prominent community figures who cannot commit to regular membership but wish to contribute to our service projects. Rotary Mitras will mentor, provide financial support, and use their influence to advocate for our initiatives, helping us reach a wider audience. Benefits include flexibility, recognition, networking, and impactful contributions. Join us in making a difference and supporting our mission of service above self, ensuring we uplift and impact more lives in our community. Together, we can continue our legacy of service and support.
